SYNERGY VISUAL WORKSHOP

VISUAL DATABASE FINANCIAL HEALTH CHECK-UP

WORKSHOP TOPIC:

Transactional Data Auditing & Validation

WHY USE:

It is important to audit your financial data prior to publishing financials to ensure accurate reporting.

WORKSHOP DESCRIPTION:

This is a multi-customer interactive workshop which allows you to follow along in with your own test database.

This Workshop is designed to help you confirm your own financial database and transactional health, and teaches you how to run your own queries, when you need them, to check source data.

WHO SHOULD ATTEND:

Those responsible for auditing and reporting financial data:

- Accountants
- Bookkeepers

LEARNING OBJECTIVES:

You will learn how to:

- Confirm your Database transactional health
- Keep your Database running smoothly
- Query Scripts to check Data

WORKSHOP PREREQUISITE:

- Recent Test Database
- Fully Costed to current date
- Workshops are delivered in English, without translation.
